WORK EXPERIENCE

Personiv Manila

Web Designer (Full-time)

MUNTINLUPA, METRO MANILA, PHILIPPINES

February 2023– Present

Consistently maintained a **scorecard rating of around 85%** since probationary period and throughout the entirety of my tenureship and **achieved 1st place** in the second quarterly **website design contest**, showcasing the progress I have made in my web design skills during my time with the company.

- Designed visually engaging and intuitive website layouts about small to medium size businesses.
- Produced designs that are user-friendly, visually appealing, and impactful.
- Amended final designs to client's comments and gain full approval.
- Adapted and modified websites when necessary, based on client's requests.
- Collaborated with team members to deliver high-quality web design solutions.

J&L Creatives Digital

UI/UX Designer / UX Researcher (Freelance)

PHILIPPINES

October 2023

- Analyzed the client's website, provided feedback on its strengths and suggested alternative design on its weaknesses.
- Created mockup web designs on Figma, applying SaaS UX design principles for the analyzed website.

OnlineJobs

Web Designer (Freelance)

PHILIPPINES

January 2023

- Designed and developed a fully responsive website using the WordPress theme Astra.

Laguna University

CS Teaching Assistant/Web Developer (OJT)

STA. CRUZ, LAGUNA, PHILIPPINES

February 2022 - April 2022

- Demonstrated web development skills by developing a responsive website using Laravel framework.
- Assisted in the efficient organization and management of student documents, including quizzes, exams, laboratory activities, essays, and other assessments.

Reindent

Web Designer (Part-time)

PERVOLIA, CYPRUS

July 2021 - October 2021

- Created and designed seven landing page websites using WordPress and Elementor.
- Developed the front-end of the website for a project using HTML, CSS, and tailwindcss.
- Redesigned the landing page for a client's website, implementing their specifications and enhancing the overall visual appeal and user experience.
- Customized logos for a selection of the websites using Photoshop and Canva.
